

Gastroenterology Specialists of Oregon, PC The Gastroenterology Endoscopy Center, Inc

Financial Policy

It is the policy of Gastroenterology Specialists of Oregon, PC and The Gastroenterology Endoscopy Center, Inc to have a Financial Policy that clearly outlines patient and practice financial responsibilities. We are committed to providing our patients with the best possible medical care and also minimizing administrative costs. This Financial Policy has been established with these objectives in mind, and to avoid any misunderstanding or disagreement concerning payment for professional services.

- New patients will be required to pay a deposit up to or equal to their deductible and co-insurance responsibility. This deposit will be applied towards the fees we charge the patient for our services. The exception will be on our contracted co-payment plans. We do require that you satisfy any co-payment at the time of your visit.
- Our Endoscopy Ambulatory Surgery Center participates with numerous insurance companies and managed health care programs. For patients that are members of one of these plans, our business office will submit a claim for services rendered. All necessary insurance information, including special forms, must be completed by the patient prior to leaving the office.
- If a patient has an insurance plan in which we do not participate, our office is happy to file the claim upon request; **however, payment in full is expected at time of service.**
- Payment for professional services can be made with cash, check or accepted credit card.
- If you are unable to pay for necessary medical care, you may be eligible for financial assistance. It is your responsibility to inform us prior to the visit.
- It is the patient's responsibility to ensure that any required referrals for treatment are provided to the practice prior to the visit. Visits may be rescheduled, or the patient may be asked to sign a disclaimer indicating you will be financially responsible due to lack of the referral.
- It is the patient's responsibility to provide us with current insurance information and to bring their insurance card to each visit.
- Our billing office is happy to help with insurance questions relating to how a claim was filed, or regarding any additional information the carrier might need to process the claim. Specific coverage issues, however, can only be addressed by the insurance company's Member Services Department (The phone number is usually listed on the insurance card).
- The adult accompanying a minor and the parents (or guardians of the minor) are responsible for payment at the time of service. For unaccompanied minors, non-emergent treatment will be denied unless charges have been pre-authorized or payment by credit card, cash or check at time of service has been verified.
- Obtaining information, such as a Social Security Number, place of employment, driver's license number, has nothing to do with HIPAA. IT **DOES** relate to the extension of credit. Unless the patient is paying for the services in full at the time of treatment, the Endoscopy Center becomes a creditor and is granting unsecured credit.
- For all unpaid balances over 90 days, the Endoscopy Center will apply FINANCE CHARGES at 1.5% per month (which equates to a 19.5% ANNUAL PERCENTAGE RATE). Unpaid balances are determined at the closing of your most recent account statement. All monies credited to your account prior to and including the statement closing date shall reduce your unpaid balance accordingly. The figure remaining after crediting all account payments is your unpaid balance, and finance charges shall be assessed against that figure as provided in this policy.
